This contract is for the purchase of one self-contained decontamination trailer that will be assigned to the Special Operations Division of the Austin Fire Department It will support Austin Fire, Police, and EMS in hazardous material operations This trailer will provide mass decontamination of fifty or more civilians and/or emergency workers per hour in the event of intentional or accidental exposure to dangerous chemicals Exposed persons will pass through a contaminated area for undressing and storage of contaminated clothing, a decontamination solution application area for chemical showering, a rinse area, and a clean area for drying off and dressing into clean clothing Obviously, timing is a critical factor in dangerous chemical exposure incidents Two personnel can have this self-contained unit fully functioning in fewer than 10 minutes after arrival at the contaminated site

Fisher Scientific is under contract with H-GAC to supply various types of safety equipment statewide as a result of a competitive bidding process Utilizing H-GAC contracts provides for volume discount pricing as well as the earliest opportunity to get the City's equipment on order
